

**BISHOP CARL A. KEMME**

Bishop of the  
Diocese of Wichita, KS

“As the Bishop of the Diocese of Wichita, I give my blessing to the launch of this new ministry in hopes of fostering a sustained way to live as a true missionary disciple in our diocese and beyond. I fully support the financial assistance and solicitation of any past, present, and future donors to Revolution Ministries as they embark on this new endeavor.”

**MARY GUILFOYLE**

Missionary and The Rescue  
Project Lead for ACTS XXIX

“We’re living at a time when we’re witnessing God raise up gifted young leaders who understand the need for an apostolic mode of engagement in the culture. Tyler's zeal for the gospel, his heart for the lost, and his authentically human approach to discipleship makes his founding of Revolution Ministries a timely gift to the Church.”

**FR. JOHN RICCARDO**

Missionary and  
Executive Director of ACTS XXIX

“I am so personally encouraged to see Tyler launch Revolution Ministries! In Tyler the Lord has wed a passion for Himself with a compassion for others - especially those who have not yet met Him. He brings years of ministerial experience to this new endeavor, as well as a magnanimous heart that is unafraid to dream big so that God can get His children back.”

**DR. CHRISTOPHER WEST**

President of the  
Theology of the Body Institute

“Tyler is someone who understands that the Gospel message is good news precisely because it corresponds to the deepest longings, yearnings, and desires of the human heart. He knows how to appeal to those desires in others, awaken them, and direct them to their true fulfillment. That’s what makes this ministry a true revolution! Revolution Ministries is forging a path that will proclaim the Gospel anew to a culture desperately in need of it.”

**PEG TICHACEK**

Holy Land Ambassador;  
Board Member for Revolution Ministries

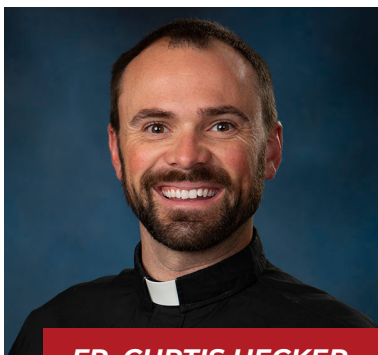

“Noah had the courage to build a boat. Abraham had the courage to leave his homeland. Moses had the courage to take off his shoes and be called into ministry. Tyler has the courage to build a boat too, to walk by faith, and to speak of Jesus, who stands at the door and knocks. Revolution Ministries will build the kingdom of God and change the world.”

**JIM BECKMAN**

The Impact Center Executive Director;  
Board Member for Revolution Ministries

“Revolution Ministries has a wealth of experience to offer with 1 on 1 evangelization, discipleship, and personal accompaniment. Tyler has operated for years in one of the toughest mission fields out there, the college campus. In these unique times in the history of our Church, God is raising up young people like Tyler to meet the needs in our modern culture with missionary zeal. He has a huge heart for bringing people into personal contact with the liberating power of the Gospel.”

**FR. CURTIS HECKER**

Pastor, St. Peter the Apostle Catholic Church  
Wichita, KS

“Tyler is a true missionary disciple with years of experience of laboring to form and equip disciples who are empowered to live out their Catholic faith abundantly. The work of Revolution Ministries is so desperately needed today, and is precisely what Holy Mother Church has been calling her children to in this Apostolic Age.”

**BILL DONAGHY**

Senior Lecturer and Content Specialist  
at the Theology of the Body Institute

“It’s been said that the best teachers are not those who posture as a *sage on the stage* but rather walk humbly with their students as a *guide by the side*. The vision of Revolution Ministries is just this; to enter into life, to engage, to witness to the desire and hunger already present for Truth, Beauty and Goodness within each person encountered, or if unseen, to stir that hidden ache into a deep desire for God. This is an apostolate for our time!”
